Actual Minds Possible Worlds

Actual Minds, Possible Worlds can be read as a sequel to this earlier work, but it is a sequel that goes well beyond its predecessor by providing rich examples of just how the mind’s narrative mode can be successfully studied. The collective force of these examples points the way toward a more humane and subtle approach to the investigation of how the mind works.
Actual Minds, Possible Worlds is a remarkable read in its totality, exploring the psychological realities of language, thought and emotion, and the self.
