Brief Introduction to Jungian Psychology. The conscious is that part of the mind that we generally have conscious access to and includes rational thought and sense awareness. The central organizing principle of the conscious is the Ego. The Ego is your day to day sense of self, your personality and personal history as you are consciously aware of it.

A Brief Introduction to C. G. Jung and Analytical Psychology
The C.G. Jung Society, Seattle, presents Introduction to Jungian Psychology, a 10-week course offering, taught by Bette R. Joram, PhD, LMHC. Students will be introduced to major theoretical constructs with definitions of terms and examples that will illustrate concepts which are frequently presented at our lectures, workshops, and Fairy Tale Fridays.

Intro to Jung — Jungian Online
An Introduction to Jung's Psychology. Most people have heard of C.G. Jung, often linking him vaguely with Sigmund Freud. Tho the terms 'complex', 'introvert' & 'extrovert' are now used in common speech, few realize they were coined by him. Most people have heard of C.G. Jung, often linking him vaguely with Sigmund Freud.
